L'italiano con noi is a high quality school of Italian language and culture **in the very heart of the old city**. Its mission is to give students the opportunity to experience Italian modern life and enhance intercultural awareness and social responsibility. **Our selected teachers hold a PhD or a Master degree and are innovative and enthusiastic about teaching.** Their modern and effective teaching methods, supported by IT tools, stimulate students to gain real fluency in Italian and deep familiarity with Italian culture while studying topics in a variety of areas.

L'italiano con noi combines the highest academic standards of teaching with a **lively and informal atmosphere**. All our rooms are bright, perfect both for studying and for meeting others. Provided with a video room and a refreshment area, the school building contributes to create an ideal learning environment modern and welcoming at the same time.

The school takes full advantage of all the resources that the city of Verona can offer. Due to its cultural and historical importance, **Verona has been awarded World Heritage Site status by UNESCO** and has almost 3 million visitors each year, many of whom come from abroad. The city hosts unique events such as Vinitaly, the most famous international wine exhibition, Tocatì, the international festival of street games, the Shakespearean Festival in the striking location of the Roman theatre, and the Arena Season for all opera lovers. Its proximity to many famous natural sites, (Lake Garda, Lessinia, Valpolicella, etc.) and some of the most important Italian artistic cities, (Venice, Mantua, Milan, Florence, Rome), make Verona the ideal place to live and enjoy a fantastic Italian experience.

METHODOLOGY

- The teaching methods used in our school take reference from the latest studies relating to language acquisition
- The objective of our courses is to enhance the communicative competence working on each of its aspects with activities and techniques that take into consideration the diversity of cognitive styles
- L'Italiano con noi pays special attention to the development of linguistic structures within real communicative situations
- Students take part and are involved in fun and interesting activities that range from board games to dubbing films or organizing and performing plays that have been discussed in class

AFTERNOON ACTIVITIES

Learning a language means understanding its people and the natural environment in which the language moves through time. What better way to do it than going into an Italian home and cooking delicious dishes with the host? Or going to a typical inn frequented by locals and chatting with the landlord? Or simply letting yourself get carried away by the most hidden places and getting to the heart of Verona city life?

NAME	DESCRIPTION
WALK AND TALK	Learning a language means also knowing the streets where the language is spoken, letting yourself get carried away by its places and life style, discovering and exploring popular and hidden corners, "tasting" local life.
VERONA LOCAL	One week to experience what Italy is most famous for with a special attention to the originality of our territory.
ITALIAN WITH ART	To fully understand the beauty of an Italian city we need to read the signs of history and to get to know the intricate symbolic system of its "artistic discourse": places in Verona "speak" to each other and they tell us a story that goes two thousand years back.
COOK WITH US	What better way to experience Italian everyday life than going into an Italian home and cooking delicious dishes with the host?
LET'S TALK ABOUT WINE	Verona and its surroundings are one of the biggest wine producing areas in Italy. Forget good wine as a luxury good, or as a status: in Verona you can find the best glasses in friendly and low cost "osterie". We'll help you find the right places for your tasting experience!
AND STILL MORE...	Twice per month we invite our students to participate to 2 hours of Italian culture. Join us! It's FOR FREE!
	We often arrange dinners, aperitivi, tastings and more...
	It's also possibile to participate to only one cooking class, wine tasting class etc. Ask at the reception what are the events of the week!
